

DEVICE DETAILS

NAME OF DEVICE	PULSE OXIMETER
ESTABLISHMENT NAME	IHB HEALTHCARE SDN BHD
ROLE OF ESTABLISHMENT	AUTHORIZED REPRESENTATIVE
REGISTRATION NO	GB2871326-234274
BRAND NAME	AEON
MEDICAL DEVICE CATEGORY	MD 1100 - GENERAL ACTIVE MEDICAL DEVICES
DEVICE GROUPING TYPE	FAMILY
DEVICE DESCRIPTION	Aeon Pulse Oximeter is based on digital technology. The device is intended for non invasive spot-check measurement of functional oxygen saturation of arterial hemoglobin (SpO2). Advanced DSP algorithm can minimize the influence of motion artifact and improve measurement accuracy of low perfusion. Pulse Oximeter can be used to measure human SpO2 and pulse rate through the finger. The product is suitable for private home-use, hospitals (including clinical use in internist/surgery, anesthesia, pediatrics etc.), social medical organizations, physical care in sports etc.
DEVICE INTENDED PURPOSE	Aeon Pulse Oximeter is a non-invasive device intended for spot checking of functional oxygen saturation of arterial hemoglobin (SpO2) and pulse rate (PR). This portable device is suitable for non-professional adult patients of any color in clinical institutions and home environments.
VALIDITY DATE OF REGISTRATION	18/06/2026 - 17/06/2031
